

Substitute Teacher

 
 My class will have a substitute. A substitute is a person who helps my class
       
 when my teacher is not here. My teacher talked to the substitute about our
        
 school day. The substitute will follow the same schedule and teach me the same
      
 lessons. The substitute may do things differently and that is okay. When I
         
 need help, I can ask the substitute. I will follow my schedule and the rules
        
 when I have a substitute. Everyone is happy when I follow the rules.
